SUMMIT SPEECH SCHOOL

Summit Speech School is New Jersey's leading resource for deaf and hard of hearing children. We teach our students to listen and talk, so they can go to mainstream schools and become active, contributing, independent members of society. With modern technology like hearing aids and cochlear implants, and the right education and support, *even children with little or no hearing can learn to talk* and participate fully in the hearing world.

Founded in 1967

Summit Speech School teaches children who are deaf or hard of hearing to listen and talk by providing four programs:

**Parent Infant • Preschool
Itinerant Mainstream Support
Audiology**

705 Central Avenue
New Providence, NJ 07974
