

Summit Speech School, a non-profit organization providing Listening and Spoken Language services since 1967, is seeking a **Social Worker or Psychologist** to consult with our staff on an as needed basis.

Our school has 4 preschool classrooms and we currently have 21 students enrolled in our program.

**All of our students have hearing loss and use a variety of devices to talk and listen.**

***This is a unique opportunity to work in an amazing school with a great staff, students, parents and community support!***

We are currently looking for someone to consult with staff and provide strategies that promote positive social/emotional relationships.

Additional needs include providing support for parents and guardians of children that are deaf/hard of hearing. Lastly, the social worker/psychologist would support, as needed, students receiving services through Summit Speech School in their home school district. Potential areas of focus include facilitating virtual groups related to social emotional learning and matters related to identity.

The rate of pay \$40-\$50 an hour depending on experience and credentials; at the present time it is on an as needed basis, however, an allotment of set weekly hours is a possibility in the future (dependent on need).

To apply please send your cover letter and resume to [rdorso@summitspeech.org](mailto:rdorso@summitspeech.org)

- Experience with preschool students and the NJ DOEs preschool model is preferred but not required
- Must be a team player with a positive attitude
- Required criminal history check prior to starting
